

# New 24" width ADA-compliant Dishwashers

**BOSCH**

Invented for life

Best-in-class performance options including Home Connect™ and CrystalDry™.\*

Bosch 24" ADA-compliant dishwashers are uniquely designed for customers with lower height requirements. These quality Bosch dishwashers continue to deliver quiet operation, flexibility and now Home Connect and patented CrystalDry technology.\*

## Get more from your Bosch dishwasher with Home Connect™

- Hands-free voice operation with Amazon Alexa or Hey Google lets you speak to your dishwasher to set programs and get status updates.
- Access downloadable cycles like the Favorite cycle program, and easily know when your dishes are done.
- Remotely choose a cycle and start, stop or pause from the app or with your voice.
- Enjoy the convenience of having dishwasher tabs automatically reordered and delivered to your door through smart reordering via the Amazon Alexa app.
- Always have peace of mind with Remote Diagnostics and leak notification.

## PrecisionWash®

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

## CrystalDry™

Our premium drying solution transforms moisture into heat to get dishes 60% drier\*\*, including plastics. (Only available on 800 series)

## Water Softener

Our water softener removes hard water spots caused by lime deposits and softens water to the appropriate level for superior washing results.

\*CrystalDry™ only available on 800 series models. \*\*Based on aggregate average drying performance of Bosch Dishwashers with CrystalDry™ on combined household load including plastics, glass, steel, and porcelain as compared to Bosch Dishwashers with PureDry®. Drying performance may vary by dish type. © 2021 BSH Home Appliances Corporation. 20-BOS-1479 1/21

## Key Features

### Remarkably Quiet Operation

At 42 - 46 dBA, these dishwashers feature 18 unique sound-reducing technologies to bring peaceful quiet to your kitchen.

### PrecisionWash®

Advanced sensors scan the load to target every inch of the dishwasher for the ultimate clean, every time.

### Rackmatic®

The RackMatic adjustable upper rack easily adjusts to 9 different positions to allow taller items like stemware to fit, while leaving room for pots and pans below.

### AquaStop® Plus

A leak is the last thing you want to happen to your kitchen floors. AquaStop Plus features additional sensors to ensure that potential leaks are quickly detected and contained.

## Product Details

Overview

### 300 Series

- + 46 dBA
- + Home Connect™
- + Water Softener
- + Energy Star Qualified

### 800 Series

- + 42 dBA
- + Home Connect™
- + Water Softener
- + Energy Star Qualified

Drying

### PureDry®

PureDry is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere, even the bottom rack.

### CrystalDry™

Patented CrystalDry technology uses natural minerals to collect moisture and transform it into heat, up to 176°F. The hot air is circulated throughout the tub to dry dishes, and even plastics, for the ultimate dry.

Racks

### Two Racks

Upper and Lower

### Three Racks

Includes a standard 3rd rack for 30% more loading capacity.\*
