

Built-in Coffee Machine

— BCM8450UC —

Fully automatic & easy to use.

The large color touchscreen makes it easy to navigate and once a drink is selected, simply press 'Start' and the machine does the rest!

An in-home, personal barista.

Customize espressos, cappuccinos, lattes, and more. Save up to 8 custom favorites for repeated preparation and even brew 2 cups at once!

Engineered to get the most out of each coffee bean.

From the grinding system to the brewing system, it's designed to extract the most flavor from the beans while reducing bitterness.

Maintenance is a breeze.

With automatic cleaning programs and regular self-maintenance, this appliance removes the hassle that can come with coffee systems.

Open up a world of possibilities.

The Home Connect™ app expands functionality beyond what can be done on the user interface. Explore additional drinks with CoffeeWorld or make a Playlist of guests' drink selections!

Ease of Use

- Caffe Latte
- Hot Water
- Espresso
- Cappuccino
- Espresso Macchiato
- Milk Froth

- **'My Favorites' saves 8 custom drinks**

- **'Double Dispensing' brews 2 cups at once**

Adjustable cup sizes and the ability to brew 2 identical drinks simultaneously

- **Steams milk automatically**

The double wall insulated canister holds 17oz of milk and the unit warns you if it's left in the machine

Performance

- **Bean hopper holds 1 pound of coffee beans**

Beans stay fresh because of the rubber seal around the lid

- **Adjustable grind coarseness**

Different beans require different grind settings, easily adjust from Very Fine to a Coarse grind

- **Ceramic grinding discs**

Highly durable ceramic discs provide precise grinding ability and minimal noise

- **'Aroma Double Shot'**

For a strong, intense coffee flavor and aroma—during the brewing process it provides a constant pressure and dispenses fresh beans for each shot instead of using the same beans twice

Home Connect™
