

French Door Freestanding Refrigerators

Featuring the QuickIce Pro System™ - 500 Series

Now available in
Standard-Depth

Introducing the industry's fastest refrigerator ice maker.*

Enjoy freshly filtered ice, replenished fast. With a refrigerator that makes up to 40 glasses of ice per day**, say farewell to frequent ice runs to the store.

QuickIce Pro System™

The innovative QuickIce Pro System™ combines three technologies to produce fast freshly filtered ice in your refrigerator.

1 Industry's fastest refrigerator ice maker*

The QuickIce Pro System™ offers freshly filtered ice, replenished fast. With a refrigerator that makes up to **12 lbs.** of ice per day, for up to **40 glasses,**** say farewell to frequent ice runs to the store.

2 Fresh filtered ice and water with UltraClarityPro®

The UltraClarityPro® water filter reduces >99.9% of impurities that may be found in your water and ice, including harsh elements like chlorine and chloramine.

3 Hands-free with bottle fill

Fill your favorite glass or bottle hands-free using Bosch's advanced bottle fill technology. Fill your favorite container once, press bottle fill to save the quantity, and enjoy a hands-free fill each time thereafter.

*Based on single ice maker production rates during a 24-hour period, measured per IEC standard and manufacturer user's manuals, for brands identified in US and Canada TraQline as freestanding French door bottom mount refrigerators.

**Based on single ice maker production rates during a 24 hour period, measured per IEC standards, when the ice bin was removed. Results may vary depending on operating conditions. Based on filling 8 oz. glasses.

Standard-Depth

Choose from standard or counter-depth

Our sleek, freestanding refrigerators are now available in both standard- and counter-depth. Counter-depth sits flush with the countertop for a built-in look, whereas standard-depth offers over 4 cu.ft. more space for those needing a larger capacity.

Interior design details

Our freestanding refrigerators are thoughtfully designed in both form and function with stunning LED illumination from corner to corner, and a cool stainless steel back wall.

Smart refrigerators with Home Connect™

Smart refrigerators with Home Connect™ are designed to offer peace of mind, customization, and simplification. For example, should you ever encounter a problem, the Bosch customer service team can remotely connect to your refrigerator, helping you find a solution quickly.

Filtered crescent ice

Enjoy bountiful crescent shaped ice, easily accessible from the exterior ice and water dispenser. Use the freezer bin (in counter-depth models only), or fill the full-width freezer drawer for times when you need extra ice available.

Easy to clean

Keep your kitchen looking beautiful with easy-to-clean stainless steel. Simply wipe with a damp cloth, or use a non-abrasive cleaner – stainless steel cleaner is not necessary.

Garage shelf offers storage flexibility

The garage shelf is equipped on the new standard-depth refrigerators, and allows you to tuck away the upper right shelf to easily store taller items below.

Freshness technologies to keep your food fresher, longer.

VitaFresh Plus™

Balances temperature and offers customizable humidity, for the optimal environment for your fruits and vegetables. Two bins allow for ample storage and organization, each bin with separate humidity control.

MultiAirFlow™

Evenly circulates cool fresh air to maintain consistent temperatures throughout the entire fridge cavity, including door bins and back corners. With no more warm or freezing spots, foods stay fresher – wherever you place them.

AirFresh® Filter

Absorbs even the toughest food odors, keeping your refrigerator air fresh. Plus, the filter is designed to last the life of the refrigerator, meaning it never needs to be replaced.
