Revolutionary FarmFresh System™

The revolutionary FarmFresh System combines four innovative technologies to keep food fresher longer, minimizing food waste.

1. VitaFreshPro™

An industry first, VitaFreshPro automatically balances both temperature and humidity. From produce to meats to cheeses, preprogrammed settings calibrate the optimal environment, removing the guesswork from food storage.

2. FreshProtect™

FreshProtect absorbs naturally occurring ethylene to slow ripening, so produce stays fresher, longer.

3. MultiAirFlow™

Evenly circulates cool fresh air to maintain consistent temperatures throughout the entire fridge cavity, including door bins and back corners. With no more warm or freezing spots, foods stay fresher - wherever you place them.

4. AirFresh® Filter

Our AirFresh filter absorbs even the toughest food odors, keeping your refrigerator air fresh. Plus, the filter is designed to last the life of the refrigerator, meaning it never needs to be replaced.

Did you know?

All these features are offered on the five refrigerator models listed above.

— Features —

BOSCH

Beauty in every detail.

Sleek, smart, streamlined. Our new freestanding, counter depth refrigerators are beautifully designed in both form and function.

True counter-depth

Our sleek, freestanding refrigerators sit flush with the countertop for a built-in look and feel.

Adjustable FlexBar™

Organize your fridge in new ways. FlexBar creates extra space in your refrigerator – it's the perfect home for wine bottles, condiment jars, eggs, and more.

Dual compressors. Enhanced performance.

Dual compressors and dual evaporators offer efficient and precise cooling and humidity control, while significantly limiting odor transfer between the refrigerator and freezer, for the optimal freshness environment.

Connected refrigeration

Receive open door notifications for peace of mind, or remotely connect with a servicer with remote diagnostics for the ultimate convenience.

Interior design details

Our new freestanding, counter-depth refrigerators are beautifully designed in both form and function with stunning LED illumination from corner to corner, and a cool stainless steel back wall.

UltraClarityPro™ water filter

Our industry-leading water filter removes an astonishing <99.9% of sediments. So advanced, it's received certification by NSF, a leading regulatory agency.

Filtered pyramid ice

Enjoy beautiful, pyramid-shaped ice right from your freezer. Choose the ice bin, or remove completely for a full drawer of ice storage.

Filtered internal water

Beautifully hidden inside, our dual-dispensing interior water lets you enjoy pure fresh water with the touch of a button or tap of your glass or bottle.
